The total payment, including interest, will be about \$33,000,000. The government shall also receive between \$77,000,000 and \$97,000,000 from Pfizer related to civil settlements in various other actions. Subsequent to the U.S. Food and Drug Administration approval of Bayer CropScience's package of genetically engineered crops on April 5, 2011, the FDA indicated it is actively monitoring the license. The FDA's Office of Biotechnology Activities will also be involved in the regulatory review of the license. The Department of Health and Human Services is continuing to monitor the license. The Department of Health and Human Services maintains a web site that contains information and background on genetically engineered products licensed by the FDA and the National Library of Medicine and Genetic Information Nomenclature Committee has approved the name for the new science to resolve gene and protein names. A Federal Register notice, here, was published on July 6, 2011. The code of federal regulations' safety and labeling regulation are included in Volume 21 at page 563, by using the name of the product as provided in the Federal Register. The office of the County Clerk and Recorder combines the dual responsibilities of administering official services and providing access to business filings, records and real property documents. The office ensures that a vital link to the past is maintained for future generations by indexing and archiving documents of historical, commercial and legal significance to provide public access to unblemished and accurate records within the County. The County Clerk and Recorder processes documents related to birth certificates, death certificates, marriage licenses, certified copies of vital statistics, document filings and recordings of real property; processes passports; and conducts civil wedding ceremonies. 5ec8ef588b
